Web developer with more than 2 years of experience. My creativity is reflected in my mastery of design and development tools and my ability to communicate effectively. I am an excellent team player and I adapt quickly to new technologies. I am focused on continuous improvement and innovation of projects, always seeking efficiency and effectiveness.

EXPERIENCE

QUALITY ANALYST, GRUPO FICOHSA

SEPTEMBER/04/2024 – PRESENT

- Core banking quality assurance.
- Testing of new projects.
- QA squad leader.

WEB DEVELOPER (FULL STACK), THE LOUNGE

JUNE/16/2024 – SEPTEMBER/03/2024

- Developed and maintained the web application using React, Tailwind and TypeScript.
- Implemented design solutions that improve user experience by 30%.
- Collaborated with multidisciplinary teams to complete the project within tight deadlines.

WEB DEVELOPER (FULL STACK), FREELANCE

MAY/20/2024 – JUNE/15/2024

REALTIME-CHAT

- I developed a web application with the purpose of generating chat in real time using NextJS, Redis and Pusher as websocket.
- I improved the response times of the main API.

WEB DEVELOPER (FULL STACK), FREELANCE

APRIL/27/2024 – MAY/19/2024

FILEDRIVE

- I developed a web application with the objective of generating a file manager inspired by Google Drive using NextJS and Convex

WEB DEVELOPER (FULL STACK), FREELANCE

APRIL/17/2024 – APRIL/26/2024

TEXTEDITOR

- I planned the development of an app with the purpose of having a personal note editor that I could use on any device with web access.
- I designed the website to be responsive and adapt to different screen sizes using tailwind and shadcnUI.

WEB DEVELOPER (FULL STACK), FREELANCE

MARCH/25/2024 – APRIL/16/2024

TASKIFY

- I implemented different technologies for the development of this app based on the Trello application that is used to manage different tasks.
- I analyzed what I wanted to do and how I would do it in order to have an efficient and effective development.

WEB DEVELOPER (FULL STACK), FREELANCE

MARCH/16/2023 – JANUARY/10/2024

- I developed and designed different applications taking into account the UI & UX that clients needed.
- I planned the website development to be completed in short times.
